YOU WILL BE CONTACTED BEFORE THE WORKSHOP TO LET YOU KNOW DETAILS OF YOUR ROLE AND RESPONSIBILITIES

Come and help us show others the wonder, peace and joy of Christmas as we focus on the precious gift that God has offered to us all.

The purpose of the workshop is to involve young people and children in preparing for the Christmas Eve Service.

We know that this time of year is very often busy and stressful for many families, so we aim to provide a chance for young people to hear the real message of Christmas — Jesus — rather than the commercialism that can so often swamp the true meaning of Christmas.

We need leaders and helpers of different ages and for many different areas.

The script has been written and it encourages participation in a variety of activities — songs, drama and dance, scenery and decorations created especially for the occasion.

There will be a leaders' orientation and training afternoon, at 4 pm on Sunday, December 16, at Turrumurra Avenue. This is a very important part of the preparation for the workshop, and contributes greatly to the smooth running of each section and activity – a chance to build the team, and find out more about our roles and responsibilities.
