# 10 THINGS TO KNOW ABOUT COMMUNION

## 1. Communion is a holy meal, not a Happy Meal.

Although, as a holy meal, it can certainly make you happy.

## 2. Communion is not a snack.

We don't take communion just because we're hungry. It's a meal for the soul, not the body.

## 3. Why Bread and Wine

When Jesus first shared with his disciples in this way, he just used food that was part of the meal they were eating - bread and wine.

## 4. There is no "kids' table" at church.

Everyone, regardless of age, is welcome to receive at the Lord's Table.

## 5. Communion connects us to Jesus.

## 6. Communion connects us to the disciples at the Last Supper.

And it connects us to everyone who, like us, have followed Jesus for hundreds and thousands of years.

## 7. Take, Bless, Break, Give

These are the four actions that the minister takes.

## 8. A minister can't to do this by him/herself.

Being a minister is like having a super-power you can only use when you share it. Unless someone is there, they can't celebrate communion. The minister needs you!

## 9. The word "communion" means connection.

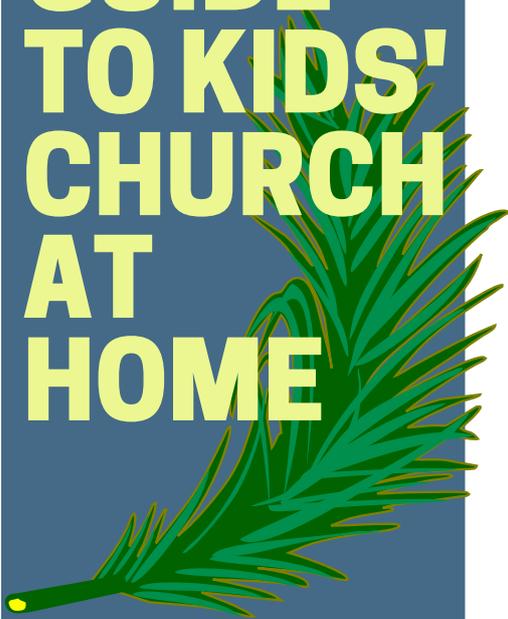

When we take communion, our connection to, or relationship with Jesus and one another is made stronger.

## 10. Regular Food

We usually use bread and grape juice when we celebrate Communion at church.

Today, you can use any food and drink that you have at home. Pancakes, toast, cake! Whatever you like.

# YOUR HANDY GUIDE TO KIDS' CHURCH AT HOME

## GET BUSY!

You can get organised for Communion at your house right now. Get some bread, cake or crackers, plus something to drink, so when it's time, you'll have everything you need. Don't eat it yet!

**9AM**  
**PALM SUNDAY**

## PRAYER TIME!

What is your prayer for yourself this Easter?

What is your prayer for your family?

What is your prayer for Australia and the world?

We can't get to church today, but you can join in fellowship with other Christians by putting a palm frond or leaves from another tree on your front door or window.
