Activities that will run all Day:

| | |
|--|---|
| <p>1) Skeetball side Table -</p> <p>We set up one of the plastic blow moulded tables on a slight angle (chock up two of the legs). Attach two pieces of wood (as shown in picture) and numbered plastic cups to the bottom edge of the table. The player needs to bounce the ball off the wood, over the cross bar and into a cup. Prize if more than 10 points for 5 throws?</p> |  |
| <p>2) Basketball Game -</p> <p>This will be very popular and easy to supervise. The game starts by pressing a button and basically it is two players shooting to win. (We have a new game where all the electronic works)</p> <p>Player who wins get the ticket!</p> |  |
| <p>3) 3 Hole Putt Putt Game -</p> <p>We have three simple putt putt games (similar to the one shown in the pic) which we can set up. If they get all three holes then they get a ticket.</p> |  |

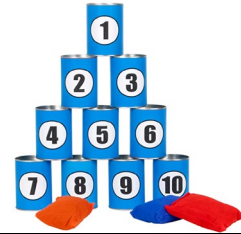

Rotation Games:

| | |
|--|---|
| <p>4) Cornhole Toss -</p> <p>Bought game which is really simple to run. Throwing bean bags from behind a line into the target area.</p> <p>Prizes for getting a certain number of points.</p> |  |
|--|---|

5) Knock em down -

Again ... a simple game which is really simple to run. Throwing bean bags from behind a line to knock down tins.

Prizes for getting a certain number of points

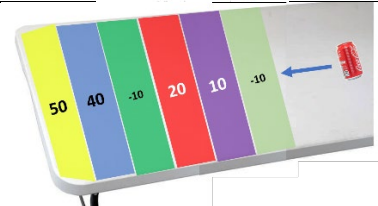

6) Ring Toss -

We have a simple game of quoits – or we could build a much more complicated ring toss set up.

7) Can Rolling Challenge

Roll a can from one end of the table to the other ... with marking on the table depending where it stops.

8) Toilet Paper Pull Challenge

A full wineglass of water sitting on a length of toilet paper ... can you roll it up without the paper breaking?

(This might not meet the festivals approval of being environmental ... we will have to play this one by ear)

9) Oreo Face Wiggle

Roll a can from one end of the table to the other ... with marking on the table depending where it stops.

10) Bounce Connect Four

Great game for two players. The winner gets a ticket

11) Water Pong Toss

Bounce ping pong balls into cups half filled with water. Can you get all six cups within the 30 seconds?

12) Ping Pong Bounce

Can have as many people playing this game as you want. Each of them try to bounce a ping pong ball on the table for exactly the specific number (before it goes off the other side). Start with 1 and go up ... 2,3,4,5,6,7 etc.

Fun but hard. Last person standing wins. Or if you reach a certain number (eg 7)
